SYLLABUS INFO

Grammar Column: Grammar is an important input which will lead us to the expected outcomes in the learning programme. Teachers are required to point out the rules, important details related to the grammar topic. Majority of the exercises in the workbook is required to be left for self-study / homework.

It is the responsibility of the students to check their answers from the answer key in the workbook. Teachers are required to spend time only on the problematic areas, mistakes the students face while doing exercises in the workbook in class or office hour.

Skill Column: Stated pages on the syllabus are the outcome for each skill, the goal to be reached, so the teachers are expected to do the exercises which will lead the students to these objectives.

NEW TOTAL ENGLISH STUDENT BOOK (TE)

** Certain pages are omitted from each unit to avoid teachers spending a lot of time on certain grammar topics. The majority of teaching should be taught by integrating the skills than focusing on a certain grammar rule.

**The topic stated as +means it is not in the course book but the teacher has to cover it using the supplementary booklet prepared by CMDU unit.

** The students should be guided to do the pronunciation section at home as self-study.

*Review page of each unit can be optional due to time constraint.

**Recognition level (RL):Some grammar topics are stated as RL to show the teachers that they don't need to spend time on the certain topic in detail.

NEW TOTAL ENGLISH WORKBOOK

**The stated listening pages on the syllabus from the workbook will be covered in class and the rest will be given as self-study

DEVELOPING TACTICS FOR LISTENING (DL)

**Teachers are expected to cover the pages stated on the syllabus from the Developing Tactics For Listening skill book.

**Listening has a great priority in our learning programme,so this has been reflected on our syllabus by *increasing the amount of listening activities*.The teachers will focus on teaching the sub-skills(building skills) such as; key details, specific details, purpose, main idea, making inferences and note-taking. The teachers are required to spend more time on listening than the other skills.

****The key vocabulary in the listening extracts will not be tested in the exams. Students are required to learn them in order to be able to do the activities.**

ACADEMIC SKILLS READING AND WRITING AND STUDY SKILLS (Level 1)

***Skill teachers will be focusing on teaching the reading skills for academic purposes. They will teach the students to understand a text clearly through surveying, skimming, scanning and referring e.t.c**

SKILLFUL READING AND WRITING

Skill teachers will focus on teaching writing with the guidance of the skill book when students reach the intermediate level,they will be able to achieve their academic skills through writings.

Readings will not be taught from this skill book unless it is stated on the syllabus.

PORTFOLIO

***This term we have two kinds of portfolios. A writing portfolio and a task-based portfolio. The writing portfolio will be done in class on Fridays and the writings will include ALL THE TOPICS WHICH ARE STATED on the syllabus from Headway academic reading & writing, skillful academic reading & writing & a handout will be given for a portfolio task. The task – based portfolio topics will be given to the students by their main teacher and will be done outside of class. Students will get full points on task-completion. No points will be deducted for mistakes. However, the teachers are required to correct the students' mistakes before letting the students post their videos.**

VIDEO SECTION

A video has been stated parallel to the topics on the syllabus for the teachers to cooperate blended learning in their teaching process.

SUPPLEMENTARY BOOKLET ONLINE(SB)

Supplementary booklet will have 3 components. A *Grammar section*:to practice the question type (cloze test& Q&R) for the midterm and final exam. A *Speaking section*:Includes the topic-based cards which are prepared according to each unit in our course book and is in the format of our exam. A *Vocabularysection*: which gives the students opportunity to recycle the most common words and question types in each unit.
